

SPRING NEWSLETTER

Spring is here! I sure will miss the snow, but I'm really looking forward to camping soon! This winter I put most of my allowance into a savings account so that I can save up to buy a new tent. Although, I did put some into my checking account so that I still have money to get fish milkshakes with my friends. Do you know what the difference is between savings and checking accounts? Well we'll talk about that a little later on! Finish out the school year strong, friends!

Your Pal,

Pee Wee

WHAT'S THE DIFFERENCE BETWEEN A SAVINGS ACCOUNT AND A CHECKING ACCOUNT?

A **savings account** is where you keep larger amounts of money safe for spending on bigger things later. Pee Wee is saving up to buy a tent which costs a lot more than fish milkshakes. Plus, a savings account at your credit union will give you dividends, which means you will get more money the longer you keep it in the account!

A **checking account** is where you keep money safe that you want to take out and use more often by using a debit card or by writing a check. Pee Wee keeps money in his checking account for getting fish milkshakes with his friends. Pee Wee definitely gets fish milkshakes more often than he buys a new tent!

**WHAT I'M
SAVING UP FOR:**

SPRING CHECKING MONEY
CAMPING SAVINGS

A PENNY FOR YOUR THOUGHTS

Did you know that all members at North Star Community Credit Union have a savings account?! That is because to become a member, you have to open a savings account called a "share savings account" and keep at least \$5 in it!

HELP PEE WEE FIND HIS PIGGY BANK!

Pee Wee needs his piggy bank to bring money to his credit union and deposit it into his savings account, but he can't remember where he put it! Solve the maze to help him find it!

PEE WEE'S PUNS!

Q: What's the difference between one penny and two pennies?

A: One penny doesn't make any cents!

Q: Why was the dollar bill so bored?

A: He didn't have any change!
